MEL FISHER MARITIME MUSEUM

Experience the wonders of history,
the mysteries of science, the magic of art.

At the corner of Greene & Whitehead Streets

Sunken Treasures

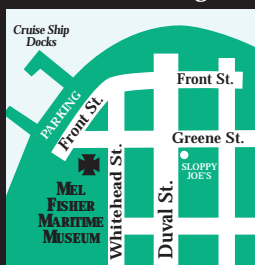

Lift a real gold bar. Feel, touch, and be touched by the treasure of Spanish galleons. You've seen it on TV, you've read about it in magazines, but there's only one place you can see the real treasure – the Mel Fisher Maritime Museum.

The Learning Channel called it “The number one amazing treasure in the world.” Was it the gold? Was it the silver? Was it Mel Fisher’s incredible 16-year adventure? You decide. Don’t miss the opportunity to experience the treasures in person.
